

Plan Easton's Central Park!

We want your input and ideas!

The property has been commonly referred to as the "RTC" property, or Resolution Trust Corporation (long story) and is adjacent to Rails to Trails between Chapel Road and Goldsborough. The town has owned the property since 1995, and it remains untouched. The Town and Parks & Rec Board will be working on a master plan for the park, and would like your input.

This survey will not be included in the final analysis without a full name, and address or town.
